## Tampere – Conferentially yours

*Welcome to NRC2010, Tampere, Finland*

*It is a great pleasure to Welcome you to the Nordic Rubber Conference NRC2010, in Tampere, Finland.*

*The program is designed to include as much of the rubber industry as possible and to provide a comprehensive overview of the industry's newest trends and development. There will be two parallel session to meet different industrial orientations. We hope that you will find new ideas and great solutions to help you to keep your business, in business in the future!*

*Come and meet the leading experts and professionals of the rubber industry, you will hear the latest trends in research.*

*The conference is organized by the Finnish Association of Rubber Technology on behalf of the Nordic Council of Rubber Technology (NGTR)*

*I hope you meet you in June 2010 in Tampere!*

**Matti Salo**  
Chairman of the Organising Commite
